PRODUCT OVERVIEW

The NETGEAR N150 Wireless Router is a simple and secure way to share your high-speed Internet connection at Wireless-N speeds for surfing the Internet, email, online chat and Facebook. Easy setup with the Smart Wizard[®] CD gets you up and running fast, while Wi-Fi Protected Setup[®] gives you a secured connection at the push of a button. Compatibility with Wireless-G networks allows hassle-free connection flexibility.

- **Surf, email, chat** — Wireless-N connection for basic Internet applications like surfing the Web, email and Facebook
- **Share Internet connection** — Allows Internet broadband sharing and the freedom of wireless Internet usage
- **Easy setup** — Smart Wizard[®] CD with graphical installation guide and multi-language support
- **Live Parental Controls** — Keeps your Internet experience safe
 - Blocks unsafe Internet content and applications and can be managed from anywhere
 - Protects connected devices through the router such as PCs, gaming consoles, and iPod touch[®]
 - To learn more visit www.netgear.com/lpc
- **Secured connection** — Push 'N' Connect offers a secured wireless Internet connection at the push of a button
- **Guest network access** — Provides separate security and access restrictions for guests using the network
- **Broadband usage meter** — Monitors Internet traffic and sends customized reports to help keep costs under control
- **NETGEAR Green features** — Power and Wi-Fi on/off buttons, Energy Star-compliant power adapter and 80% recycled packaging

Simple Sharing

This product is packaged with a limited warranty, the acceptance of which is a condition of sale. This product has been tested for quality assurance and this product or its components may have been recycled.

* Basic technical support provided for 90 days from date of purchase.

[†] Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate and wireless coverage. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.

¹ Works with devices supporting Wi-Fi Protected Setup® (WPS).
